

5/23/2019

**CONDITIONS REPORT- Moab and Monticello Ranger Districts 435-259-7155****CAMPGROUNDS****STATUS**

<b>WARNER LAKE</b>	CLOSED. ROAD TO WARNER LAKE IS CLOSED at Loop Rd. Gate is locked.
<b>OOWAH</b>	CLOSED. ROAD TO OOWAH LAKE IS CLOSED at Loop Rd. Gate is locked.
<b>MASON DRAW</b>	Open. No water available
<b>BUCKEYE</b>	Open- No water available. The road from the Two Mile area may be muddy and require high clearance and/or 4WD. There have been some washouts by rain and melt off.
<b>DEVILS CANYON</b>	OPEN- No potable water available
<b>NIZHONI</b>	OPEN- No potable water available
<b>BUCKBOARD</b>	OPEN- No potable water available. At least 7" of snow reported 5/23/19.
<b>DALTON SPRINGS</b>	OPEN- No potable water available
<b>TRAILS</b>	
<b>BURRO PASS</b>	CLOSED BY SNOW
<b>HAZARD</b>	CLOSED BY SNOW
<b>UPS/KOKOPELLI</b>	Muddy. Please do not ride. Riding muddy trails damages them.
<b>JIMMY KEEN</b>	Muddy. Please do not ride. Riding muddy trails damages them.
<b>MOONLIGHT MEADOWS</b>	CLOSED BY SNOW
<b>LA SAL PASS: SOUTH MTN. &amp; BURLFRIENDS</b>	CLOSED BY SNOW
<b>ROADS</b>	<b>This Spring = MUD, WASHOUTS, &amp; HIGH CREEK CROSSINGS. Snow is still present at the higher elevations. Spring storms are bringing lots of moisture to the area. Wet roads may be impassable.</b>
<b>LA SAL LOOP ROAD</b>	Open.
<b>GEYSER PASS</b>	CLOSED because of snow. 4WD is necessary to the winter recreation area due to mud and snow drifts. East side of Geyser Pass is open to SITLA winter use area, but snow drifts make it impassable after the parking area.
<b>LA SAL PASS</b>	CLOSED around the aspen treeline by snow. La Sal creek is running high. Would need higher clearance to cross.
<b>GATEWAY</b>	Possibly impassable due to mud.
<b>SAND FLATS</b>	May be rutted.
<b>TWO MILE AREA</b>	Mud and some washouts may require AWD/4WD and/or high clearance. Wet roads can be impassable.
<b>HARTS DRAW</b>	May have some snow on it.
<b>NORTH CREEK</b>	CLOSED. Gate is locked on both sides.
<b>CAUSEWAY</b>	Muddy. Rutted in places. Side roads and shoulders may be soft and very muddy.
<b>SOUTH ELKS</b>	Muddy. Rutted in places. Side roads and shoulders may be soft and very muddy.
<b>BEARS EARS</b>	Snowy and muddy. Rutted in places. Side roads and shoulders may be soft and very muddy.
<b>South &amp; North COTTONWOOD</b>	Muddy. High clearance recommended. Cottonwood creek is running VERY high and may not be passable. Side roads and shoulders may be soft and very muddy.
<b>NORTH LONG POINT</b>	Snowy and muddy. Rutted in places. Side roads and shoulders may be soft and very muddy.
<b>ABAJO PEAK/ SOUTH PEAK</b>	CLOSED by snow.
<b>ELK RIDGE</b>	Snowy and muddy. Rutted in places. Side roads and shoulders may be soft and very muddy. 4WD recommended.
<b>DARK CANYON ACCESS</b>	<b>Watch the weather. Roads can be impassable when wet. ALL ROADS TO DARK CANYON HAVE SNOW/MUD CURRENTLY AND ARE LIKELY IMPASSABLE!</b>
<b>WOODENSHOE TRAILHEAD</b>	Open- trail damaged due to washouts and excess water.
<b>PEAVINE TRAILHEAD</b>	Open- trail damaged due to washouts and excess water.
<b>HORSE PASTURE TRAILHEAD</b>	Open- trailhead is very muddy. 4WD recommended.
<b>THE NOTCH TRAILHEAD</b>	Open- trailhead is very muddy. 4WD recommended.
<b>DRY MESA ROAD</b>	Not passable. A landslide has taken out the road.
<b>PEAVINE CORRIDOR ROAD</b>	Washed out. Not advisable for travel right now. Water flowing on the road and deep ruts
<b>TRAIL CANYON TRAILHEAD</b>	Open- trailhead is very muddy. 4WD recommended.
<b>SUNDANCE TRAILHEAD</b>	Open. <b>BLM trailhead</b> accessible from West. Water flowing from perennial stream. No fires are allowed on the BLM portion of Dark Canyon. Road to reach the trailhead could be impassable when wet. Monticello BLM 435-587-1500
